| • Java | • PANDAS | • PYGUI | • POSTGRESQL |
| • JavaScript | • SELENIUM | • FLASK | • APACHE |
| • SQL | • CSS | • DJANGO | • PATTERNS |
| • HTML | • BOOTSTRAP | • GIT | • WEBDRIVER |

Professional Experience

Engeselt - Engenharia e Serviços

- I developed a bot to automate the execution of manual tasks within the company, replacing employees' work in various activities. I utilized powerful libraries such as Pandas and PyAutoGUI for data manipulation and task automation.
- I optimized tasks for project management, increasing efficiency and accuracy in routine processes.

Education

INTERNET SYSTEMS - FEDERAL INSTITUTE OF PARAÍBA (IFPB)

Currently in the second semester
